Aches on a Statin? 3 Things to Bring up With Your Provider

Is Something Else Causing It?

- Recent exercise
- Low thyroid or low vitamin D
- Other medicines you take

Know the Rare Warning Sign

- Severe muscle pain or weakness
- Dark, cola-colored urine
- Stop the statin, get same-day care

Questions for Your Visit

- Should we check CK or my thyroid?
- Is a different statin worth trying?
- Is a non-statin option right for me?
