Your Breast Cancer Risk Checklist: 3 Steps

Questions for Relatives

- Who had cancer, and which kind?
- How old were they at diagnosis?
- Did anyone test for BRCA changes?

Easy to Overlook

- Your father's side counts too
- Ovarian, tubal and peritoneal cancer
- Past radiation to your chest

Questions for Your Provider

- Do I need a risk assessment?
- What does dense tissue mean for me?
- Should I see a genetic counselor?
